

## Low-Cost Maintenance to Save Bridges

8:30-10:00 am (PST) August 25<sup>th</sup>, 2021

The AASHTO TSP-2 program, in partnership with the Nevada LTAP, is pleased to announce **Low-Cost Maintenance to Save Bridges**. The TSP-2 virtual training is provided at no cost.

The 90-minute course is designed to introduce the basics of bridge preservation for local agencies. Participants learn why preservation is important, how to identify good candidates for preservation, what activities are available, and the cost and degree of difficulty to perform the work. Examples illustrate the importance of incorporating bridge preservation activities into work plans.

*Bridge Preservation Activities*

**When:** 8:30-10:00 am (PST) August 25<sup>th</sup>, 2021

**Registration Link:** <https://attendee.gotowebinar.com/register/3761759548259790608>

**Cost:** FREE

This training is an excellent means to begin to develop an effective asset management plan for a local agency. **Bridge preservation activities are “practices that we can’t afford not to do now.”**
